We have lowered the number of vans in our fleet. We now have only ONE 15 passenger van and ONE cargo van. Please call or email for availability.

We've Added Compost Bins To

23 Gallon Compost bins can be rented for the same price as garbage or recycling bins
\$3/day or \$9/week

They come with pass through lids. Biodegradable compost bags are available for purchase on request

Please remember to dump all garbage, recycling, and compost before returning bins to The Cube.

The drop off site for your COMPOST only is at:

Wondering What Goes Where?

Some crew members may need a helpful reminder of what items go into which bins. We can help with that! We now offer sorting flyers.

They are available for purchase at \$5 a flyer or you can rent for \$1 a day.

Did You Know?

- Globally, more than a million plastic bottles are sold every single minute
- In the U.S., only 30% of these bottles are recycled
- Bottled water requires up to 2,000 times the energy used to produce tap water
- More than 60 million plastic bottles end up in landfills and incinerators every day

Make Your Set More Eco-Friendly

If you're interested in reducing single-use water bottles on set, try renting our 5-gallon jugs with pumps.

One 5-gallon jug holds **FORTY** 16 oz bottles of water.

This eliminates 40 single use water bottles on set.

5-Gallon Jugs come pre-filled so they are immediately ready for use.

New PA Facebook Group

The Seattle Nuge PA List Facebook Group is an exclusive place for trained and experienced Seattle PA's to have a direct line of communication with Seattle Production Managers, Assistant Directors and Production Coordinators to continue their education in Production as well as be hired for commercial, film & TV productions. This is also a place to foster communication and be focused specifically to the production department and for the advancement of PA knowledge and success in the film industry. This group is exclusive to PA's that are working, vouched for, known as experienced or have completed Nuge's PA class and are approved for membership on an individual basis. This is also a curated resource for PM's, AD's & Coordinators to hire PA's....so these people are also encouraged to join the group.

Whats the Nuge Word?

Ultimately the concept for this Seattle Nuge PA Facebook group is for production coordinators, PM's, AD's and producers to be able to easily find available PA's that are either experienced or have gone through my Nuge PA Course... When I would see PM's etc putting out on Production Peeps needing an available PA with its 6000 plus nationwide members, I decided to create a local group. In addition to finding an available PA this group gives PRODUCTION A VOICE...a way to communicate with not only the PA's but other people in production from a local level.

Jacob Leander, who is the ADMIN for Production Peeps agreed to be a co-admin for the Seattle Nuge PA List.
