Welcome to the Summer 2020 Edition of the Go-4 Nuge Letter!

The News at Nuge

** NEW WEBSITE **

We are happy to announce a new website has launched! During down time, we were able to keep Paige employed at home so she had time to learn a new skill and built us a new website. Check it out when you get a chance ... www.Go4Nuge.com

We might have a few bugs to work out....so bare with us.

COVID19

For us, Go-4Nuge is slowly beginning to reopen. The film industry just got permission from the governors office on July 2nd to begin to slowly open up under strict guidelines and protocols.

You can visit [Washington Filmworks](#) to see the complete guidelines and protocols. A big shout out to Washington Filmworks for the tireless hours they put together these guidelines and also to all the weekly Zoom meetings (if not daily meetings) they held with film industry professionals.

WE ARE NOW CARRYING PPE

COVID Related Expendables

We don't have warehouses full of inventory but we have some stock of all of the following items.

Please check our website for the pricing www.Go4Nuge.com

Let us help you keep your crew safe!

We are still sourcing portable hand washing stations and touch-less hand sanitizer stations. If you have any suggestion on what to carry or a good inexpensive source for any of the below products or anything else please let us know.

Disposable Masks

These masks are non woven face coverings with three layers of filtration. The soft material and ear loop design can let you breathe comfortably and easily.

N95 Protective Mask

These individually packaged masks provide five layers of filtration to keep out 95% of environmental impurities. Soft non woven fabric, ear loops, and adjustable nose clip keep this mask from slipping allow for more comfort.

Face Shield

These are anti-fog on both side, impact resistant and have comfort foam where it meets the forehead.

Hand Sanitizer

Kills 99.99% of germs in 15 seconds.
Available in two sizes: 10z or 2L

Disposable Gloves

Durable Nitrile single use non-latex and powder free gloves.
Boxes available in sizes large or small

Disinfecting Wipes

Bleach free antibacterial wipes kills cold and viruses.
Available in containers of 35 sheets or 75

New Rental Item

No Contact Infrared Thermometers

Simple point and click design allows for no contact temperature check for crew members.

Temperature display also includes three backlight colors to help determine fever.
Green: Normal Temperature
Yellow: Slight Fever
Red: High Fever

UV-C Light Hand Wands

Rechargeable. Note 15-30 minute time for disinfection.

Motor Home Makeovers

While we have not enjoyed the mandatory shutdown for the past few months it has allowed us to take time to detail and give our two biggest motor homes some improvements. Both Mama and Papa now have brand new commercial vinyl tile floors and updated interiors. We also removed the front passenger seats to make ingress and egress more easy.

NUGE PA CLASSES

Over the last few years I have had 8 well attended Production Assistant Classes. It's been a huge success and I am honored to carry this torch for the film industry. As most people know, a production assistant is an entry level position to the wonderful world of creating with still and moving imagery in order to tell a story. That story could be a narrative, documentary, corporate video for in house information, commercial or catalog in order to sell something. With each class, what I have noticed the most is that the conversation is not just about how to be a good PA...it's also about discussing the passion for the film industry. One of my main focuses has been to make a safe place to discuss one's passion as it's directly connected to the participant's motivation for coming to the class.

[Click Here to view a video testimonial and preview of the Nuge PA Class](#)

If you, or someone you know, would like to be updated when the next PA Class is happening, please email their name and contact information to our PA Class email.

NUGE PA GRADUATES!

PA Class Expanding into an ONLINE Version

Over the last year some of you may have heard me talking about taking the PA Class to an online format. So I have teamed up with Goodside Studio and together we're producing a comprehensive video course that will be able to reach a broader body of students around the country and maybe jump borders to Canada.

One of our goals is to bring exposure to the film industry as a crew person. We intend to market this to high school and college students as well as others who may want to explore a career change. Our focus is not on film making but on getting a start in the film business as crew member. We will cover what that means, what it takes and how to get there.
