The News at Nuge

PA Class Expanding into an ONLINE Version

Over the last year some of you may have heard me talking about taking the PA Class to an online format. So I have teamed up with Goodside Studio and together we're producing a comprehensive video course that will be able to reach a broader body of students around the country and maybe jump borders to Canada.

One of our goals is to bring exposure to the film industry as a crew person. We intend to market this to high school and college students as well as others who may want to explore a career change. Our focus is not on film making but on getting a start in the film business as a crew member. We will cover what that means, what it takes and how to get there.

Updated COVID19 Safety Protocols

[Click here to review the latest Governor's Safety on Set Guidelines for Film](#)

You can visit [Washington Filmworks](#) to see the complete guidelines and protocols. A big shout out to Washington Filmworks for the tireless hours they put together these guidelines and also to all the weekly Zoom meetings (if not daily meetings) they held with film industry professionals.

COVID Safety Officers are REQUIRED on Sets

We would HIGHLY recommend contacting Morgan Hendricks or Herman Esau to be your properly certified Covid Safety Officers. They have both proved themselves to be motivated, proactive, and thorough in their new roles on set.

If they are unavailable they will be able to recommend a suitable replacement who has gone through proper training.

Morgan Hendricks (360) 454-3439 / nagromijh@yahoo.com

Herman Esau (206) 641-0383 / hermanesau@gmail.com

WE ARE NOW CARRYING PPE

COVID Related Expendables

We don't have warehouses full of inventory but we have some stock of all of the following items.

Please check our website for the pricing www.Go4Nuge.com

Let us help you keep your crew safe!

If you have any suggestion on what to carry or a good inexpensive source for any of the below products or anything else please let us know.

Disposable Masks

These masks are non woven face coverings with three layers of filtration. The soft material and ear loop design can let you breathe comfortably and easily.

N95 Protective Mask

These individually packaged masks provide five layers of filtration to keep out 95% of environmental impurities. Soft non woven fabric, ear loops, and adjustable nose clip keep this mask from slipping allow for more comfort.

Face Shield

These are anti-fog on both side, impact resistant and have comfort foam where it meets the forehead.

Hand Sanitizer

Kills 99.99% of germs in 15 seconds.
Now available in THREE sizes
Individual 2oz
Standard 8oz
Bulk 2L

Bulk size is great for refilling individual hand sanitizers

Disposable Gloves

Durable Nitrate single-use non-latex and powder free gloves.
Boxes available in sizes large, medium, or small

Disinfecting Wipes

Bleach free antibacterial wipes kills cold and viruses.
Available in containers of 35 sheets or 75

New Expendables

COVID Signage

We are offering an array of Laminated Covid Safety Signs

Signs will be 1.50/each

or PRINT AT HOME!

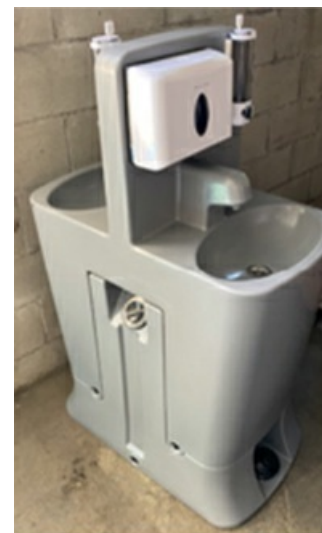

You can go to Go4Nuge.com and download them for free

New Rental Items

We have acquired 2 DOUBLE OR DUAL SIDED Portable Hand Washing Sinks Stations.

We have 2 of these Dual Sinks Available

Stanchions

3' foot tall stand with weighted base

Each stand has one 6 foot retractable belt

Great for crowd control and covid safety

9 Available

Don't Forget!

In addition to our new stanchions
We offer a large range of production supplies that can come in hand for enforcing COVID
Safety on set

Check out our website for the full list of our production supplies and pricing
Go4Nuge.com

For Example...Do you need?

Non Contact Thermometers - Ensure all crew members are fever free before entering set

UV Sanitizing Wands - Sanitize high risk contact areas during down time

Blue Tape - Mark off areas or create lines for social distancing

Walkies - Easily communicate with crew members designated to different areas on set

Direction Arrow Signs - Keep foot traffic moving in one direction

A-Frame Sandwich Boards - Post Covid related signs for crew to see

FLEET CHANGES

Do to social distancing recommendations and the change in demand due to the coronavirus we have decided to sell our last Ford Transit 15 Passenger Van. We hope to eventually purchase another 16' box truck.

Our only passenger van remaining in our fleet is our custom built shuttle bus. Seats can be removed and installed with a fee in order to create a customized passenger vehicle with safe distance between passengers OR a remote mobile production office for crew who are not required to be on set.

The shuttle bus is our most working vehicle in our fleet because of the 2 exterior restrooms. See below where we have added safety handrails to the stairways leading to the restroom doors.

NUGE PA CLASSES

Over the last few years I have had 8 well attended Production Assistant Classes. It's been a huge success and I am honored to carry this torch for the film industry. As most people know, a production assistant is an entry level position to the wonderful world of creating with still and moving imagery in order to tell a story. That story could be a narrative, documentary, corporate video for in house information, commercial or catalog in order to sell something.

With each class, what I have noticed the most is that the conversation is not just about how to be a good PA...it's also about discussing the passion for the film industry. One of my main focuses has been to make a safe place to discuss one's passion as it's directly connected to the participant's motivation for coming to the class.

Whats The Nuge Word?

STAY SET SAFE AND DON'T CUT CORNERS!
NO REASON TO RISK LIVES JUST TO GET THE SHOT.

I would like to let express a point to all who work in the film industry about our vehicles that we offer for rent. Our vehicles are ALL COMMITTED vehicles. What do I mean by committed? They are committed to the film industry. Ok so what does this mean? This means that I am unable to rent these vehicles to the general public and or any general events. Why? Because of insurance. We are not able to self insure or acquire insurance that would allow us to rent to the public or events.

So when you are choosing to rent a truck or a motorhome please remember us. So that we can continue to provide outstanding service please think of us first.

Have something you want posted in the Go-4 Nuge Letter...please submit to Orders@Go4Nuge.com for consideration...
