Trivia

Out of the **50 billion bottles** of water being bought each year, 80% end up in a landfill, even though recycling programs exist. 17 million barrels of oil are used in producing bottled water each year. Bottled water costs 1,000 times more than tap water. If you're interested in reducing single-use bottled water on set, we rent 5-gallon jugs with pumps. These can be rented individually, as part of our basket service or as part of our full-service crafty offering.

Call or email for rates and availability.

Add our baskets to your shoot!

Just email us, we would love to help!

When you place an order for baskets, they will look something like this...

Raining on your shoot in Seattle?

We have water boots and rain gear at the shipping container! Rent gear instead of buying! Various sizes.
